

MINNESOTA SWEEPED BY STORM DESTROYING LIFE AND PROPERTY

Minneapolis, Minn., June 24.—Two are known dead, two missing as a result of the tornado which swept this section last night, causing \$100,000 damage. The known dead are: Esther Munson, 17, St. Louis Park, and Loretta Grams.

At Jordan the storm struck St. Louis Park first and demolished two houses. Esther Munson was standing in the dining room of her home and was crushed to death when it collapsed.

When the tornado struck Lake Minnesota, 300 canoes and row-

boats were in the lake. Dozens of boats were found on the shore this morning. Loretta Grams was thrown from the canoe in which she was riding on Lake Calhoun and drowned. Her brother and Margaret Kelley are missing. Her escort was saved.

Chicago, June 24.—Last night's wind storm caused no loss of life. The storm was most severe at Wabertown, S. D., where it reached the proportions of a tornado. It destroyed buildings over many blocks and injured 32 persons.

MINERS IN RIOT USE DYNAMITE

Butte, Mont., June 24.—Martial law in Butte is a step nearer today as a result of the battle last night between deputy sheriffs and miners, in which one man was shot to death, two seriously wounded by bullets and a number less severely injured by dynamite set off by mine workers.

The riot followed an attempt of President Charles Meyer of the Western Federation of Miners to hold a conciliation meeting for an adjustment of differences between the two warring factions of miners.

The insurgent miners dynamited the union hall after the shooting and injured many persons.

Meyer and his personal party fled through a rear door as soon as the trouble began.

Ernest J. Noy, secretary of the Knights of Pythias and inspector of the demurrage bureau, was killed by a bullet fired by followers of Meyer. J. Brennan, a Mayor partisan, was shot in the head by a deputy sheriff. J. Braun, a Mayor man, was probably fatally wounded.

The town is quiet today and Mayor Duncan notified Governor Stewart that he is in complete control, but further outbreaks are expected and these will undoubtedly result in troops being called out.

ALL CANDIDATES GET ON PRIMARY BALLOT

Columbus, O., June 24.—Returns from Ohio counties show that all candidates for state offices have enough signatures to put them on the primary ticket.

Gov. Cox heads the list with 28,013 signatures. Frank B. Wilson, Republican candidate for governor, had 35,512. David Tod, Wilson's rival, had 19,100. John J.

Whitacre, Cox's only opponent qualified with 10,440. James R. Garfield, Progressive candidate, had 72,084.

Attorney General Hogan led the senatorial list with 28,013 signatures. Former Senator Foraker, Republican, had 24,214. Arthur L. Garfield, Progressive candidate, had 7,518 signatures.

Four Dynamiters Pardoned By Wilson

Washington, June 24.—President Wilson today denied the application for pardons of the responsible heads and agents of the International Bridge and Iron Workers union convicted in the Chicago cases. The president announced to expire at once the sentence of four defendants: Paul J. Hanuman, Frank R. Foraker, Fred J. Mooney and William Shupe.

Hanuman, whose home is in

Seranton, Pa., had been sentenced to three years; Mooney, who lives in Duluth, Minn., to one year and one day; and Shupe of Chicago, also was sentenced to one year and one day. Barry was sentenced to four years and Morris three.

The president agreed to consider an application for executive clemency upon receipt of a separate petition of John H. Barry and Paul A. Morris. In the meantime Barry and Morris will begin serving their sentences. The other defendants out on bail must go to the federal prison at Leavenworth, Kan., to begin their sentences tomorrow.

OPPRESSIVE HEAT

Columbus, O., June 24.—Sticky humid atmosphere with rapidly rising temperature caused all Ohio and the Ohio Valley to swelter today. Half a dozen deaths were reported due to the heat. Police reports as many attempts at suicide. The weather man promises no relief for the next few days.

STUDENT DROWNED

Marietta, O., June 24.—John C. Finch, a student at Marietta college here, was drowned in the Muskingum river near here yesterday.

MINING OPERATORS FAIL TO AGREE AND MEETING BREAKS UP

Columbus, O., June 24.—The conference of coal operators of the Hocking and Southern district, with the Cleveland and Eastern Ohio operators in the joint scale committee meeting, broke up in a stormy session. The Hocking, Crooksville, Pomeroy and Jackson operators were said to be ready to consider settlement of a compromise basis while Eastern Ohio men held out for their original proposition.

When the joint scale committee adjourned at noon to meet at 2:30 the miners called a conference of miners for 1:30. The purpose of it was not announced, but it is said it was to consider the proposition of the Hocking miners for a modified scale. There is little hope of a settlement for the entire state at this time.

Bridgeport, O., June 24.—Following the announcement today from Columbus that the miners and operators evidently could not agree to terms, the situation in Eastern Ohio becomes acute because of the activities of the I. W. W.

John Zelenka, commissioner for Eastern Ohio operators, announced that from now on any settlement must contain an agreement by the I. W. W. to eliminate the I. W. W. from the union. President Albasin, of the district miners, said the I. W. W. had prevented one settlement, and it was feared they would prevent another one.

INDICTMENTS NOLLIED

Charleston, W. Va., June 24.—Indictments against John P. White, president, and Frank J. Hayes, vice president of the United Mine Workers and against 17 other national and district officers were nollied in the United States district court here today at the request of W. G. Barnhart, district attorney for West Virginia.

White and his assistants were indicted in 1913 charged with co-operation with coal companies in Ohio, Indiana and Pennsylvania to increase the cost of mining coal in West Virginia, so that it could not compete successfully with the other states named. While it could be proven that the officers tried to unionize the mines of West Virginia, it would be difficult to prove the conspiracy laid out under the Sherman anti-trust law.

SOME HOT

Washington, June 24.—Yes, this is some hot day, almost every where was the torrid reply of Weather Forecaster Farnukinfield, of the weather bureau today. The heat wave extends from the Rocky mountains east and south, except the Great lakes. Low pressures prevailing in the north are pulling hot winds from the south and warning things up, according to scientists. Thunder storms predicted in the North Atlantic states promised some relief.

Postmen Strike

Paris, France, June 24.—Six hundred striking letter carriers barricaded themselves in the Paris central post office of which they took possession last evening. A force of 800 policemen was placed in position around the block by authorities and all considering whether to storm the place forcibly held by the strikers. The men struck owing to the refusal of the French senate to include in the postal budget some increase in wages.

The strike was brought to an end today by a promise from Gaston Thompson, minister of commerce posts and telegraphs, to make a searching inquiry into the men's grievances, provided they returned immediately.

Millard Smith left for Stockdale this morning to visit his grandparents. Mr. and Mrs. J. E. Brown.

\$400,000 FIRE

Manchester, N. H., June 24.—Nine firemen were badly burned and guests at the Orrington hotel and the New Manchester House were driven out by a fire which threatened to destroy the heart of the business section of the city today. The loss was \$400,000.

Ball Is A Profession Pleaded In Court Suit

Springfield, Mass., June 24.—The superior court awarded \$14,000 to Edward Collins in his suit against the Holyoke Street Railway company. Collins, who is ten years of age, lost his right leg as a result of a collision between two trolley cars in June, 1912.

The railway company admitted liability, but argued that artificial limbs are so constructed now that the loss of a leg is no longer a serious handicap. Attorney W. P. Hayes for the plaintiff called attention to the possession of baseball as one from which young Collins would be barred. He said he could never follow in the footsteps of his illustrious namesake, Eddie Collins, of the Philadelphia Athletics.

Wealthy Man Found With Head Crushed; Woman Is Arrested

Stanford, Ct., June 24.—A mysterious tragedy involving two prominent families here early today when Waldo Ballou, a member of the city council and one of the best known residents of Stanford, was found unconscious with his head crushed in at the entrance of the fashionable Riparian apartment in the center of the city. Ballou died shortly after being taken to a hospital.

Imprints of small bare feet marked in blood led from the spot where the body was found up the stairs to the second floor. The police declare that the person who made the footprints had entered the apartment of Mrs. Helen M. Angle, a wealthy divorcee.

The police further declare that there was evidence that the body had been dragged down the stairway which was stained with blood in several places. Mrs. Angle was arrested and held without bail for the coroner's inquest. She denied knowledge of Ballou's death but admitted that the man had visited her in her apartments last night.

Ballou's hat crushed and stained with blood was found in Mrs. Angle's apartment. In a closet of the same apartment the police found a waist and skirt both stained with blood.

"I must refuse to say anything," said Mrs. Angle when she was looked up. "Get me a lawyer right away. I will say nothing until I consult an attorney."

Ballou is assistant superintendent of the Yale lock factory and is well to do, owning considerable property. Mrs. Angle is a handsome matron of 40.

News of the tragedy caused a sensation throughout Stamford. The natural curiosity which was aroused by the sensational and mysterious details of the tragedy was heightened by the prominence of the participants.

DETECTIVE SHOT

Chicago, Ill., June 24.—Frank De Maria, Sicilian investigator and detective, who has been assisting police in trailing black hand murderers was himself shot to death at "Bloody Death's Corner" in Little Italy today. Three bullets were fired into De Maria's head by a man crouched in the shadows. He is the twentieth victim shot to death at this crossing within the past year.

BRIDGE PLANS

New York, June 24.—The most interesting development in the structural steel business today was the inquiry by the Paducah and Peoria Railway Company for bids on the construction of the metropolitan bridge over the Ohio river. For the viaduct approaches and the main spans, it is estimated, about 17,000 tons of structural steel will be required. Plans for the Chesapeake and Ohio bridge over the Ohio river at Portsmouth, O., are expected to be ready for the structural mills and fabricating shops early in July.

Huerta Is Anxious

Washington, D. C., June 24.—Reports were current at the White House today that President Wilson had received a cablegram direct from President Huerta of Mexico.

It was rumored that the dispatch carried a request that the mediation proceedings at Niagara Falls be expedited.

No information concerning the reported message was available at the White House but the rumors have aroused great interest.

Columbus, O., June 24.—Columbus turned Pitcher McVaugh, a young left-hander, over to the Chillicothe club. McVaugh has pitched some great ball for Columbus, but he needs more seasoning.

NEAL WINS

Huntington, W. Va., June 24.—Delegates of the 5th congressional district, nominated George I. Neal for congress, over D. E. French, of Bluefield, by a vote of 155 to 142. The nomination came after an all day's struggle.

MEXICAN MEDIATION EVOLVES ITSELF INTO A PINK TEA PARTY

Niagara Falls, June 24.—Mexican mediation today offered two bookings—one near serious, and the other admittedly social. The first was a full conference of mediators and delegates slated for noon to draw up a protocol covering all points except the selection of a provisional president.

This afternoon there will be a mediation tennis tournament, followed by presentation of a silver loving cup and an afternoon tea for the mediation colony.

That the rebel delegates are coming here for a formal conference with the Huerta delegates was not certain today.

Sniping Reported At Vera Cruz

Washington, June 24.—Persistent reports of sniping by Mexican federalists on the American outposts at Vera Cruz and rumors of constitutionalists further advance towards Mexico City were continued today to stir interest in the Mexican situation.

Although the war department would give out no reports from General Funston regarding sniping on the American forces, it is known that there has been an investigation to that effect. There have been reports that Huerta's forces were trying to provoke war with the American soldiers, so the United States would intervene.

Patient waiting on mediation continued today to be the attitude of the administration.

Report Of Zacatecas Fall

Washington, June 24.—Zacatecas fell into the hands of the rebels on June 19, after hard fighting, according to word received here today.

San Luis Potosi is expected to fall in several days. Another big battle is imminent according to the dispatches.

Further advice in the same dispatch said that General Aquila, commander of the constitutionalist force of Tuxpan had succeeded in intercepting 3,000,000 rounds of ammunition at Puerto Mexico, consigned to General Villa. He is making use of this ammunition to wage war against the federalists. Believing the capture of San Luis Potosi is only a few days off, the railroads are being repaired. The state department is inclined to doubt the alleged capture of the ammunition.

TAXPAYERS DELINQUENT

Columbus, O., June 24.—Residents of Washington C. H., Fayette county, must pay \$8,673 delinquent special assessments, if recommendations of State Examiner A. H. Foster are carried out. Foster in his report says that practically no effort has been made to force citizens to pay up back assessments.

BOYS KILLED BY TRAIN

Martins Ferry, Ohio, June 24.—Fred Bowen, aged 16, and Fred Eagle, aged 15, two milk delivery boys, were killed early today when their wagon was struck by a fast Wheeling and Lake Erie passenger train at Yorkville, O., a few miles north of here.

Both bodies were so badly mangled that their features were almost unrecognizable.

KING PETER ABDICATES

Belgrade, Servia, June 24.—King Peter I. of Servia, was reported today to have abdicated the throne in favor of his second son, Prince Alexander. The king left Belgrade in the afternoon for the baths at Zrenjina in the southern part of Servia and a note issued by the official agency in answer to the king's departure did not say he had abdicated, but confined itself to the statement that his majesty has signed a ukase entrusting the government of Servia during his absence from the capital to Crown Prince Alexander.

GROGERS SEEK OPINION

Columbus, O., June 24.—A dozen Ohio wholesale grocers and jobbers may be haled into court for violation of the Valentine anti-trust law. Attorney Balin, representing a wholesale grocery firm here, today asked Attorney General Hogan if companies that Bolin accuses of combining illegally to prevent fair competition by refusing to sell any dealer or jobber who will not maintain a standard price on certain goods arbitrarily fixed by themselves, are within the law. Hogan promised Bolin an answer tomorrow.

WOMAN IS INJURED WHEN SHE IS FORCED TO JUMP TO SAFETY DURING FIRE

Fire of unknown origin, which started in a clothes press in the kitchen of the Mrs. John Harris home at 1834 Thirteenth street, caused \$800 damage to the house, which is owned by Charles Turner, and \$700 damage to the household goods of the occupant, at 11:30 Tuesday night. Mrs. Charles Stone, who with her husband, roomed at the Harris home, had her back slightly sprained when she jumped from the roof of the front porch. She is now in the Hempstead hospital.

The fire had gained rapid headway before the firemen arrived on the scene, but they soon had two streams of water on the flames, which were quickly extinguished. The firemen are to be complimented upon the splendid work they did in saving the remainder of the house. The kitchen and bedroom downstairs and rear bedroom upstairs were the ones mostly damaged.

Mrs. Harris was not at home at the time the fire started. The first she knew of the fire was when she met Clarence Abrams, on Thirteenth and Waller streets, where he turned in the alarm.

Mrs. Harris, residing in the front door of the house, broke in the door and by loud screaming awoke Mr. and Mrs. Stone, who had already retired for the night. They came to the roof of the front porch, where both jumped off. Several persons tried to catch Mrs. Harris, but she fell to the ground, injuring her back. She was carried to the home of John Harsh, 1320 Union street, from where she was moved in the police auto patrol to the hospital, where Dr. C. W. Wondolken made an examination of her injuries.

Harris left home two months ago, but returned at four o'clock

Tuesday afternoon. According to his wife and child and neighbors, Harris was so drunk he was unable to move from the porch when the fire started.

Mrs. Harris did not have any insurance on her belongings. Three washings were also lost in the fire. One chair and the front room rug was all Mrs. Harris saved. Mr. and Mrs. Stone's clothing were damaged by water.

Charles Turner, the owner of the

house, had the house repaired and painted several weeks ago, but his loss is fully covered by insurance to the amount of \$1,000. He will start repairs at once. The house was a two-story, five-room structure.

Chief McQuat waded in water up to his waist in the cellar to turn off the gas. The alarm was sounded from Box 67 and was out at 11:55.

Says Her Husband Has Disappeared

Mrs. James Hays, wife of the night elevator man at the First National Bank building, was called at police headquarters early Wednesday morning to enlist the aid of the police in locating her husband, whom she says mysteriously disappeared from the city last Sunday afternoon. She last saw her husband when he started away from home about four o'clock Sunday afternoon, to go to work. Since

then, his whereabouts have been unknown to her, and she wants the police to make an effort to locate him.

Mrs. Hays says he has a son living in Decatur, Illinois, and several other children living in Kansas. It is her belief that he has gone to visit them without telling her of his intention. Chief of Police Howard promised to start a search for him at once.

Men Held; May Be Escaped Convicts

Two strange men, Henry Hardin and Clara McGowan, are being held at police station on suspicion that they are escaped convicts from some prison, and they will be detained until a thorough investigation can be made. Hardin was arrested near the corner of Seventh and Chalmers streets, about six o'clock Tuesday evening, by Chief Howard. He had been reported to him that the man had made the light and several loaded 32-caliber

statement that he had recently escaped from prison. He has an artificial leg, which, with other characteristics, tallies with the description of a man who recently escaped from the Michigan state penitentiary. About eight o'clock Officer Howard arrested McGowan, said to be the partner of the man at the corner of Seventh and Chalmers streets, and he was taken to jail on a charge of suspicion. When searched at police station, McGowan had an electric flash in his hand and several loaded 32-caliber

USE YARD STICK TO GAUGE OHIO RIVER

District Organizer George Ditty had a strenuous time returning from Ironton Monday. He boarded a steamer and it required four hours to make the trip to the River City. Mr. Ditty says that the water was so low at various points that the boats of the boat crew jumped off the box of the boat and landed in less than three feet of water. The mate had to frequently thrust a yardstick into the river to see if the boat could creep through a

shallow spot. George H. Ironton at 10 o'clock Monday morning and arrived here at 2:30 Monday afternoon. His mission to Ironton was to place District Deputy Organizer J. W. Thompson in the field there. Mr. Ditty has had three additional counties added to his territory, the new counties being Lawrence, Gallia and Jackson.

DON'T LIKE JOE BONZO

Protection Sought

Complaint has been made to Mayor Frick by the Portsmouth Chemical Company, of the North End, about prowlers lurking about the vicinity of their plant during the night. The company complains that its property is not being properly safeguarded by the police department. According to the letter received Tuesday morning, the plant was entered Sunday night, but nothing was discovered missing outside of a small quantity of horse feed.

Mayor Frick, in reply, informed the company that the location of its plant was such as to make it impossible for a police officer to visit the plant often during the night, but he assured them that the police department was at their service any time it was called upon.

A movement is on foot to revive interest in the uniform rank of the Knights of Pythias.

George Galko, chairman of a committee appointed by Maria Lodge, met with Magnolia lodge Monday night in the interest of the movement. Magnolia lodge named Elmer Knott, Charles Correll and Harry Siekles to confer with the Masonic lodge committee regarding the matter Thursday night. There are about 800 Knights of Pythias in the city and a determined effort will be made to induce at least several hundred to join the uniform rank.

Look For Increase

Local wholesale liquor dealers are making preparations for a decided increase in trade in anticipation of the bulk of West Virginia's trade coming to Portsmouth when that state goes dry next month.

It was with this in view that the Model-Liquor Company purchased the three-story Reilly building on Front street, so that it will have more space for carrying on its business. The firm will occupy its new home July 6th. West Virginia leads all states in the union in consumption of liquor, a fact largely attributed to its large foreign population.

MONTAVON REPORTS ON SCHOOLS

William F. Montavon, former Portsmouth resident, who has been located in the Philippine Islands for some years, in the educational department of the government, has favored The Times with a copy of his annual report for the school year 1913-1914, as superintendent of the school division of Tayabas. The report is a very elaborate one and shows in detail what is being accomplished for the uplift and enlightenment of the Filipinos. Speaking of the people of Tayabas, Mr. Montavon has this to say:

"The physical character of the province is reflected in the mental and moral character of its people. Here, where plenty and prosperity reign and want is practically unknown, the people are happy and contented. There is little or no political strife, no dissatisfaction with the established order of things. There is, instead, industry, enterprise, ambition. Ambition for more culture, for more comfort and for more worth-while improvements. The people are clamoring for more schools, for the further extension and improvement of the schools already established."

Mr. Montavon's friends will be pleased to learn that he has had a very successful year and that his work has met with the approval of the department of education head.

Policeman Bound Over

Squire John Byron held Monday evening that the evidence offered at the hearing of Frank Judd, policeman at York Park, was sufficient to warrant an investigation by the grand jury, and he was accordingly bound over to the grand jury in the sum of \$100 bond. Judd refused to waive the right to a preliminary hearing, and the case was gone into at some length.

The plaintiff in the action against Judd was Ralph Phillips, a young shoe-maker of Front street, who charged that the officer assaulted him without provocation in making an arrest one week ago last Monday evening. Phillips was struck over the head with the officer's club, the blow causing an ugly scalp wound, which had to be sewed up by a physician. A charge of disorderly conduct, preferred against him the next morning in police court was dismissed by Mayor Frick, who held that the young man had been punished enough. Judd furnished bond for his appearance before the grand jury.

Too Hot For Business

The bi-monthly session of the Royal Arcanum lodge Tuesday evening was brief and uneventful. The routine business of the lodge being pushed through as rapidly as possible owing to the intense heat. During the summer the lodge will meet on the second and fourth Tuesdays of each month.

Dismiss Affidavit Against Cotrell

For lack of positive evidence, Mayor Frick Wednesday morning dismissed the affidavit against Harry Cotrell, charging him with furnishing intoxicating liquor to Roy Platt, a minor. Cotrell admitted having been with young Platt on the night of April 14th, and of having seen a bottle of whiskey in his possession, but he denied having purchased the liquor or of having had anything to do with its purchase. Ralph Ware and a young lad named Gillen, who were also with Cotrell and Platt that night, also testified that Platt had the whiskey before he joined Cotrell.

Young Platt was arrested at a late hour on the night of April 14th in an intoxicated condition in the West End, and lodged in the city prison for the remainder of the night. The next morning Cotrell and his companions were subjected to a severe lecture by the mayor for permitting a young man under age to drink in their presence, and he warned them that he would take cognizance of any future acts of that kind. The affidavit against Cotrell was also dismissed by the mayor after his father stated that he had not been guilty of drinking since the night of his arrest.

TWO MEN ARE BADLY HURT WHEN POP BOTTLES BLOW UP

The bursting of pop bottles at the plant of the Ice Cream and Bottling Works, Tenth street, has proven quite disastrous for the employees, Robert Pratt and Joseph Teuer. Pratt was the more severely injured, a gash two inches long on his lip and cheek, attesting to the force of the explosion. It was necessary for Dr. Teuer to take three stitches to close the wound. He is off duty, but will return to work.

Alleges Girl Uses Profane Language

Mrs. Della Steele of the Gallitzin family, which had an airing in the papers, has filed an affidavit in Mayor Frick's court one day last week. At that time, the complainant was Mrs. and Mrs. Steele, with Mrs. Steele charging the girl with using profane language. The affidavit marks a chapter in the Steele family.

Local Company To Be In Sham Battle

Company V of the uniform rank of the Junior Order of United American Mechanics will participate in the big sham battle of the Second regiment at Redland field, Cincinnati, Fourth of July morning. The local company, which now has thirty members, will leave Portsmouth for Cincinnati on an early train the morning of the Fourth and during its stay in the Queen City will make its headquarters at the Palace hotel.

TWO CHARLESTON BOYS MAKING CANOE TRIP

Paddling in a canoe, Chilton Hawkins and Bernard Wehler, two young men of Charleston, arrived in the city Wednesday enroute to Cincinnati. They started last Wednesday but owing to the resistance of wind on the river have been making slow time. The young men landed and browsed by the intense sun, have been having the time of their lives on the trip.

Along with them they brought a report that President. Penny-wit of the Charleston club, has determined to give the city a pennant winner at all legitimate cost. The Senators played brilliant ball last season and with this in their months, Charleston fans demand more winners.

TAILOR HAS MOVED

John Blankmeyer, the tailor, commenced moving Wednesday to his new stand, 711 Chillicothe street. He has rented a room in the Koss property, one square north of his old stand. Mr. Blankmeyer has been located on Chillicothe street for many years, and when forced to move was fortunate enough to secure quarters on the same thoroughfare, only a short distance from his old stand. He is ready to greet all old customers and many new ones.

MAYOR EXPLAINS CLOSING ORDERS

Mayor Frick's order regarding the closing of saloons on time is as follows:
To the Chief of Police:

The offices advises that City Ordinance number 1796 with special reference to the time saloons may open and shall close, reads as follows:

"Saloons may open at 5:30 a. m., except Sundays and such other times that may be designated by proclamation, and shall close at 11:30 p. m., the same day."

Proprietors shall so adjust their operations to the end that their places shall close to the public and their employees at the specific time set forth in the ordinance.

Where lunch rooms, or other similar subsidiaries, are operated in connection with any saloon, such shall be managed as to be entirely cleared by the time saloons shall close. This can, perhaps, be effectively accomplished by an order that no drinks be served in any such lunch room or subsidiary after 11:15 p. m., giving the employees therein ample time to clean up and report their receipts to the main office prior to 11:30 p. m.

The necessity for such compliance arises owing to public safety, requiring the police powers of the city and state to maintain an efficient maximum.

You are hereby directed to rigidly enforce this order.

ADAM FRICK, Mayor.

All members of Soloto Lodge No. 31 I. O. O. F. are requested to attend special meeting tonight at 7:30 at the hall to arrange for the funeral of Brother George Fisher.

FAMILY RUMPUS

Police were called to end a disturbance at the home of Runey T. Deskins, a government dam worker, of Third street, Tuesday evening.

Deskins looked out his wife when she went out into the street to bring in their little daughter Helen. The couple had had some trouble the day before because Mrs. Deskins went to Pullerton to visit her mother, Mrs. Prince, he telling her to stay there for good. When she returned home a row resulted.

CARD OF THANKS

The Successful Man

MORE than nine times out of ten you will find that the successful man began his success by first being a prudent man. He early learned the value of saving and began putting his surplus in bank. There is character and force about the man who has money in bank. He begets confidence in himself and confidence and credit from the community. He becomes recognized as safe and dependable. Opportunities begin to come his way and having some means he is the better able to profit by them.

The first step towards success is saving. We want to help you in that step and we offer you the security and facilities of our bank. One dollar will open a savings account and we allow interest on all savings deposits and compound the interest.

Wants Her Husband.

Mrs. David Pyles, of Bousier's Gap, called at police headquarters Tuesday afternoon seeking advice as to how to proceed in forcing the return home of her husband who abandoned her and their children some years ago. The last she heard of him he was in Seattle and headed for the gold mines of Alaska. She claimed her husband's relatives were trying to take her children away from her.

Salesmen Round In

The traveling salesmen of the Jos. G. Reed company have rounded in from their trips for their fall samples.

Will retire

Joe Blum, who conducts a harness store and saddlery at No. 244 Gallia street, is preparing to retire from business shortly. Mr. Blum has been in business for many years, first at the old Cooley stand on Market street and in recent years uptown, and has earned a good rent. He recently purchased four fine lots at Sciotoville.

To Visit At Roanoke

Dave Jones, clerk at the J. W. Jordan grocery on Eleventh street, will leave in a few days for a visit with his uncle near Roanoke, Va.

In Father's Store

Joe Hurchow, who recently returned from the University of Wisconsin, has taken employment in his father, Samuel Hurchow's store, and will begin a business career during the off season at school.

Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little of leather, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" in this paper, your carrier will collect the little cost—only 35 cents a word each insertion—and the little ad is altogether likely to get for you what you want.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, trouble, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Waverly, Ohio, June 23, 1914.
Dear Miss Wise—Will you please give me all the information about Crichton's Inn—proprietor, distance from the station, etc. If you cannot do this, who can I write to find out?
Thanking you in advance, I am
GRACE.

Crichton's Inn is about seven miles from Portsmouth on the Cincinnati division of the N. & W. You can go out there at 7:30 in the morning or on the afternoon train, which leaves here about 2:30. There is a train returning to Portsmouth at about 10 a. m. and 9:35 p. m. The Inn is just up the hill from where the train stops.
The proprietor is William Crichton. You can address him Crichton's Inn, Rushtown, Ohio.

Dear Dolly—I am a country reader. I want to ask you a question. Should a girl have to milk cows? I hate to do it but my mother says I must. What is your opinion of such things?
COUNTRY LASSIE.

It will not harm you to help your folks with the work if you are a strong healthy girl. Still it seems to me that milking cows is a man's work, but if there are no men around to do it you ought to be glad that you can take a man's place and help your parents out. I don't think milking a cow is much of a job. I would rather do that than "bug" potatoes.

Dear Miss Wise—I am an orphan and am going with a nice young man whom I love dearly. I think he is going to propose. If he does should I accept? I am 21 years of age.
LOVELY GIRL.

That depends upon a good many things. If you love each other, if you can make him a good wife, and if he can support you comfortably, and is a good man, it might be all right to accept him.

Dear Dolly—I am a girl of 14 and am very tall for my age. I have just passed the seventh grade. Am I considered a lady now?
LITTLE READER.

My dear you are just a little girl, and I hope you are a very sweet, modest little girl who is trying hard to grow into a sweet, beautiful woman.

Dear Dolly—I am a young man 20 years of age and am going

with a girl of 32. I like her real well and was wondering if it would be all right to marry her. She seems to think a great deal of me. Do you think she does?
DAILY READER.

I will tell you honestly, my boy, that I don't think this girl really cares for you. She is just holding onto you because she can't find a man near her own age, who wants to marry her. I have no respect at all for a woman of 32 who will fall in love with a boy of 20. If you were 30 and she 42 it would not be as bad as it is now for you would then be considered a man and would know something about the world, and about women and would be capable of judging for yourself. Both of you will regret it if you marry.

Dear Miss Wise—What type of a girl is the typical American girl? How should a theater party be given? Thanking you in advance, I remain
MISS SENSITIVE.

We are all typical American girls, I suppose. The one giving the theater party usually invites those she wants to attend. To meet at her home and they all go in a body to the theater. Of course the tickets are to be procured beforehand. Be sure and get the seats all together. You could get a whole row or get them half in one row and the other half directly back of them.

Miss Dolly Wise—I am a girl of 17 years and the boys won't look at me. What will I do to make them look at me. Will you

BOY LOVER.

Keep yourself neat and clean and maybe they will sit up and take notice of you. It strikes me that you are too young to think about the boys for several years to come, little one.

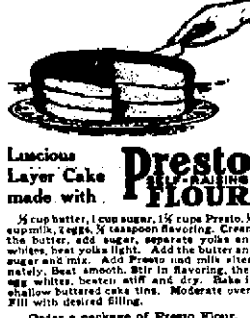

Girls—Wings are quite popular for trimming Panama hats, but they are not very substantial. Have the hat trimmed in all white. I think a bunch of white metallic flowers in the front would be sufficient trimming, with a little flat bow in the back, made out of grosgrain ribbon. If you are large for your age wear your dresses about to your waists or a little longer. The dresses now are just a trifle shorter than they have been wearing them. Castor oil is very good for dandruff. A little alcohol rubbed into the scalp is also good.

Troubled Lou—You surely don't expect your fiancé to sit and do nothing but spoon every time he comes, do you? He surely must think a great deal of you for he would not have asked you to marry him. It's so hot now that he would run away from him before he would reach your house. Two or three times a week is often enough for him to come to see you even if you are engaged. Don't be always asking him what he thinks of you, or he will get disgusted with you. Just let things go along as they are for awhile and see how they work out. I think if he didn't want you he would tell you so.

SOCIETY

Beautifully decorated in the blue and white color scheme, the handsome home of Mr. and Mrs. John Sowers, on Lincoln Hill, was in readiness for the wedding of their son, Rev. Thurman Fred Sowers, and Miss Edith May Spurgeon, daughter of Mr. and Mrs. George Spurgeon, of Buckeye City, which took place last evening at seven o'clock, when the relatives and very near friends witnessed the impressive ceremony, said by Rev. T. H. McAfee, pastor of the First Presbyterian church. The parlor was adorned in ferns, palms and Yucca blossoms; the living room in larkspur and nasturtiums, and the dining-room was

beautiful with a profusion of hydrangea and larkspur blossoms. The wedding music was rendered by Miss Myrtle Sowers, sister of the groom, who played Mendelssohn's Wedding March, and "Hearts and Flowers" during the ceremony. At the foot of the stairway Miss Fern Curry Wheeler and Miss Carrie Elizabeth Pfarr, niece of the groom, held the blue satin ribbons which were stretched by little Philip Pfarr, Jr. and John Sowers Pfarr, two little nephews of the groom, which formed the aisle which the bridal party passed through. First came the officiating minister, Rev. Mr. McAfee, followed by Mr. Wil-

ham Sowers and Miss Carrie Sowers, brother and sister of the groom. Miss Sowers wore a lovely gown of light blue crepe de chine, trimmed in chiffon, and carried an armful of pink bridesmaid's roses. The bridesmaid, Miss Katherine Girard, of Clayton, New Jersey, came next. Helen Yelley, the sweet little flower girl, preceded the bride and groom. She carried a blue and white adorned basket and sprinkled their pathway with rose petals. The attractive bride was never prettier than in her exquisite bridal gown of white crepe de chine, trimmed in ruffled lace. Her veil of tulle was caught to her hair with a spray of orange blossoms. She carried a shower bouquet of bride roses. The attractive group formed a half-circle in a corner in the parlor, with an exquisite background of plants and flowers. The little girl attendants were all attired in the daintiest of white gowns, wearing blue sashes and white ribbons of light blue. The ceremony was followed by a reception from eight until ten o'clock. The dining-room was presided over by Mrs. Bertha Sowers Wheeler, sister of the groom. Mrs. William Sowers, sister-in-law, and Mrs. Henry T. Bannon, who were assisted in serving the dainties by little Misses Marie and Florence Ervin, Fern Curry Wheeler and Carrie Elizabeth Pfarr. Miss Edith Elliott and Miss Mary Pfarr, of Houston, Cal., invited the guests to the dining-room. The beautiful hand-painted guest book, in present to the bride from a friend, was presided over by Mrs. James Yelley. During the evening, in a pretty nook on the porch, delicious fruit punch was served by Misses Rachel McAfee and Stella Rose during the first hour and Misses Sara McAfee and Blanche Eckhart during the last hour.

The bride and groom leave Thursday for Columbus to visit the bride's mother, who is ill in Mount Carmel Hospital, before going to their home in Clayton, N. J., where the groom is in charge of a fine church. They will go to home-keeping in a beautiful house the groom has rented ready furnished. The bride is a charming young woman. She came to Portsmouth to be married at the groom's home on account of the illness of both her mother and father. The groom, a splendid young man, was recently graduated from Crozer Seminary, and previous to that has been preaching in Clayton, N. J., where he will remain for another year.

The out-of-town guests included several friends of the young pastor from the East: Mr. and Mrs. George Girard and daughter, Katherine, Jr., of Clayton, N. J.; Mr. and Mrs. G. L. Yelley, of Wad's Station.

The company were pieces of the bride's cake wrapped in white tissue paper and tied with blue ribbons. The ring was found by Mrs. Lee Mandeville, the coin by Mr. Charles Russell, the thimble by Miss Jennie Lynn, and the button has not been heard from.

Miss Wilma Graham was in charge of the gift room, where there were most beautiful gifts of cut-glass, silver and many other valuable things.

After the wedding a telegram was sent to the members of Rev. Mr. Sowers' church at Clayton, N. J. A handsome present from his church people is awaiting the bride and groom at their home.

Miss Laura Mumby has returned home to Mayfield, Ky., after a two weeks' visit with her uncle, S. P. Mumby, of N. 10th Seventh street. She was accompanied home by Mr. Mumby's daughter, Miss Vera Mumby, who will spend her summer vacation there.

Post Toasties

For That Bedtime Snack

The kiddies need something that is dainty and appetizing, don't they? And you want to be sure that they have a food that is easily digested—one that will not disturb their sleep.

Post Toasties are surprisingly good at any time.

They are made of the hearts of the finest Indian corn, perfectly cooked, delicately sweetened and salted, rolled into thin, ribbony flakes and toasted to a crisp, golden brown.

They have that indescribable flavour—sweet and delicious, that so delights the taste.

Just pour from the package and add cream and sugar, or sprinkle over fresh berries or fruit.

Easy to serve and mighty good.

A TRIPLE GAIN IN STRENGTH

THE STRENGTH OF A BANK LIES IN THREE THINGS:

First—The amount of its capital and surplus—in other words, the investment of the stockholders in the business.

Second—A safe handling of the monies entrusted to its keeping and a successful management of its affairs.

Third—The confidence of patrons and public in it.

With this brief and indisputable proposition, we direct your attention to the Security Savings Bank and ask you to consider with us how well it measures up to these requirements.

Ten years ago "The Security" began business. Its paid-in capital stock was \$100,000. That was all the guaranty its prospective patrons had as to safety, except the character of the men who were to manage its affairs and their promise that they would at all times hold the interest of patrons a trust and conduct the bank upon established and safe lines.

Today, in addition to the \$100,000 capital, there is a surplus of \$100,000—earnings which have not been taken out of the business but allowed to remain as further security to depositors. Beyond that, the law has been changed so as to make every stockholder personally liable in double the amount of his stock, which here in the aggregate gives a legal guaranty to the extent of \$300,000, which did not exist when the bank was founded; a total guaranty of \$300,000.

That the monies committed to its keeping have been safely handled is shown in the fact that no man has lost a dollar by or through it, and success is written in the accumulation of a healthy surplus, and the payment of annual dividends.

Confidence is clearly and strongly displayed in the almost amazing growth in the amount of deposits, and the number of depositors. These short ten years have seen "The Security" grow to be the second biggest bank in the city and brought it more depositors than has any other bank—the young merchant, the wage earner by the thousands have found "The Security" a safe and right place to bring their deposits.

On July 1st, "The Security" will pay compound interest on Savings Accounts for the past four months, to nearly 3000 depositors. Interest is paid three times yearly—on the first of March, July and November. Any deposit made to and including July 5th, will be credited with interest from July 1st.

We will loan you a bank for your home after you have started an account in our Savings Department.

FAMILY CARRIES DEAD BABY THROUGH STREETS

The strange spectacle of a family carrying their dead baby through the streets of Portsmouth was witnessed Wednesday afternoon when Mr. and Mrs. Jack Owens of Catlettsburg, carried the body of their 14 months old son, John, from the wharfbat to the home of Mrs. Margaret Monk, who resides in the rear of 808 Second street.

The modest little coffin was carried by Mr. and Mrs. Owens and their son and daughter, Virgie and John. It was a unique funeral cortege that wound its way from the wharfbat to the back home and as they trudged along in the boiling hot sun they attracted much attention and sympathy.

The body was conveyed here on the steamer Bay Queen, which has taken the place of the Greyhound owing to the shallowness of the river. The baby was a victim of cholera infantum and died Monday night at the Owens home in Catlettsburg. The body will be taken to Siloam, Thursday, and interment will be made in the Siloam cemetery.

Signs With Covington

Amos Leibrick has signed a contract to finish the season with the Covington, Va. team, of which Percy Moore is manager. He will leave Thursday for Covington. Leibrick was with the Hamilton club in 1913.

Visited Old Home

Charles G. Yonkel, superintendent of the Western & Southern Life Insurance company, has returned from a visit to his old home in Springfield. His family will spend a month there. Charles says that while coming down on a train Tuesday night it seemed that the closer he approached Portsmouth the warmer the air seemed to be.

Mr. Bodman Home

L. O. Bodman has returned from a business trip to Columbus in the interest of the Independent Hosiery company.

Would Not Bring Them Back Home

Charles Forrest headed a party of twenty-five young men and women who chartered the steamer Klondike for a trip down the river only to come to grief, Sunday. The party was to pay \$25 for the round trip to Rockville and back. They enjoyed a chicken dinner at the Brown home in

Rockville. To the surprise of all the crew of the boat balked on bringing them back, declaring the river was too low for safe navigation after night. The boat did take them to Vanceburg though and they returned on a C. & O. train. The boat trip cost them \$20, the crew compromising for that amount.

SAYS EMIL TO THE JUDGE, ETC.

The following interesting conversation took place at a prominent up town corner Tuesday: "Judge are you going to run for another term?" asked Emil Helt of Probate Judge T. C. Besty. "Who wants to know?" demanded the jurist. "Why I've made up my mind to run for that office if you don't but if you're a candidate I won't be," said Emil. Then the two dropped into a deep and solemn whisper.

Agreement Is Reached

An agreement was reached Wednesday afternoon between Mayor Frick and Miss Hazel Mehling, captain of the local Salvation Army, whereby the Salvation Army, in the future will use the south-eastern corner of York park for their religious meetings. This was done so that the services would not annoy the people who go to the park for recreation purposes only.

It was also agreed that the Army hereafter shall use the extreme eastern part of government square for their up town meetings instead of the western end, facing Chillicothe street. This was done to relieve the congestion at that point. The mayor was not disposed to interfere with the outdoor meetings of the Army, but it was his desire that those meetings should not interfere with that part of the general public who were not interested in the meetings.

North Dakota Visitors

John Perkins, a hotelkeeper of Bismarck, N. D., and wife, and Mary Tipton, arrived here Tuesday night for a visit to her parents, Landlord and Mrs. David Tipton, of the Biggs house.

Workman Injured

Thomas McManaway, who had charge of one of the derricks for Tripp and White, on the towpath, had his limbs badly wrenched Wednesday afternoon when the derrick fell, knocking him between a pile of rocks. He was taken to the home of Mr. and Mrs. Andy Smith at Bertha, where he boarded and Dr. H. E. Rapp attended him. He was later removed to his home at McCulloch, near McLeansville.

JACKSON HERALD HAS BEEN SOLD

The Jackson (O.) Herald has been sold by J. D. Wittington to Carl L. Johnson, of Waynesville, and Edmund G. Chapman, of Jackson, possession to be given July 1st. Carl Johnson is a son of J. W. Johnson, editor of the Waynesville Democrat, and has many friends here. He is a very bright and capable young newspaper man.

Mrs. Arthur Bode of Gallia street is visiting Otto Zoellner and family at Dogwood Ridge.

AFFIDAVITS FILED

Affidavits have been filed in Mayor Frick's court by August Deschler, district examiner of stationary engineers, against Jos. Conway, owner, and Sherman Ruth, engineer, of the South Webster Brick Company, and they have been ordered to appear before the mayor Friday morning. Conway is charged with permitting an engineer to work in his plant who has not a license from the state, while Ruth is charged with holding a position as engineer without a license.

Want New Patrolman

Petitions are being circulated among the Chillicothe street business men to employ an additional night patrolman. Charles Haas, former night sergeant under the Tynes administration, is the man the merchants are anxious to have guard their interests during the night hours, his district being from Second to Seventh on Chillicothe and the business section on Sixth street. It is understood the petitions are being freely signed.

Is In Columbus

Mrs. Amanda Blair who took French leave from Portsmouth last week, is now reported to be in Columbus. A man sent by her was in the city Tuesday seeking a settlement for her share in the candy store at No. 316 Chillicothe street, but was informed that there was nothing due her.

OLD AT TWENTY

Return of Youth with Proper Food.

Many people who eat plenty never seem to be properly nourished.

That's because the food is not digested and absorbed. Much that is eaten is never taken up by the system as real food, and so the system simply starves and the individual may, as in a recent case, look and feel old in what should be the bloom of life, youth.

"At twenty I was prematurely old. The health and clear and brightness of youth had been as it seemed, stolen from me. I went to work in the morning with slow steps and a dull head.

"My work through the day was unsatisfactory, for my head ached lay in my stomach like a hard lump. I was restless and the gas in my stomach was very annoying. After supper I was able to go to bed to rest half the night from their nervousness.

"This was all from indigestion—caused by wrong eating. I cannot describe the full benefits received from this food. It has brought back my health. It has caused me to be restored and the nervous ailments have disappeared and I am steadily improved and am now strong and in perfect health."

Name given by Postmaster, Bartle Creek, Mich. Read "The Road to Wellville" in packages. "The Road to Wellville" is a new one.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach, develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste, as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, unattractive and lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food, or foods, which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisubstituted magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisubstituted magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which influences the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisubstituted magnesia from your druggist, eat what you want at your next meal, take some of the bisubstituted magnesia as directed above, and see if I'm not right."

Prosperity In Sight

EVERY indication for a revival in business conditions for next fall has given us the SPIRIT OF REMODELING OUR BUSINESS so that we can take better care of the growth which in spite of general conditions has been far above the average and as a general overhauling is necessary the first move to make is to reduce the immense stock on hand and rid it of all the shoes which we do not intend to buy again. Among these there are large lots, all sizes and again there are small lots of few pairs but we will sell every pair of shoes that are undesirable to our stock but a bargain for you.

Filthy Case Aired In Mayor's Court

Interesting facts developed at the hearing of the case of Mabel Tolliver against John Lacey, in Mayor Frick's court Tuesday evening, so much evidence being introduced that the mayor announced that the case would be continued until Thursday morning, at 9 o'clock. The Tolliver woman had ordered Lacey's arrest on a charge of slander, but at the hearing Tuesday evening it developed that the couple had been unlawfully cohabiting together for several months.

Lacey, in retaliation, filed an affidavit against the woman at the conclusion of the hearing, charging her with unlawfully cohabiting with him, and furnished the mayor with a long list of witnesses, whose testimony, he claimed, would substantiate the charge. He told the mayor that the trouble between him and the woman started when he learned that his son had also been unlawfully familiar with her. There was little evidence introduced Tuesday evening to support the slander charge.

Early Wednesday morning Lacey sent word to the police headquarters that he desired to withdraw the affidavit against the Tolliver woman. He stated that they had effected a reconciliation after they left the mayor's office Tuesday morning, and it is extremely doubtful whether either case will ever come to trial.

DOES NOT KNOW OF DEAL

A message was sent out of Columbus Tuesday to the effect that the Ohio River Electric Railway and Power Company, of Portsmouth, had asked for permission of the Utilities Commission to purchase the electric line owned by Richard E. Ellis of Middleport and add it to its system. The purchase price is said to be \$30,000.

When asked about the reported sale L. D. York stated Wednesday that he had never heard of such a transaction and his company was in no way involved in the alleged sale.

CHANGE IN TIME FOR THE TEACHERS EXAMS

The last examinations of this school year for Scioto County teachers will be held at the High school on Friday, June 26 and on Friday, August 28. The law governing the holding of teachers' examinations has been so modified that the time for holding examinations has been changed from the first Saturday in each month to the first Saturday in September, October, January, March, April and May and the last Friday in June and August. The examinations this June and August will be the first under the new school law.

For further information on the examinations, one is referred to Section 7817 of the new school law of Ohio, pertaining to the holding of teachers' examinations.

Will Hold Exam For Two Good Jobs

At the request of Secretary L. L. Ferris, of the State Civil Service Commission, Mayor Frick will, within the near future, conduct a physical examination of the applicants for the positions of superintendent and matron, respectively, of the county infirmary. For some reason, the physical examination was not held at the time of the mental examination a few weeks ago. Eight applicants for each position presented themselves for examination at that time.

Finds Old Cable

Fred Bradbeck, a well known West End citizen, while fishing near the mouth of the Scioto river Monday unearthed some wires which are thought to have formed one of the cables of the old suspension bridge which went out many years ago.

Quick Action Getting The Blood in Order

There's Bounding, Pulsating Life in Every Drop of Great Remedy.

Let S. S. S. Hustle Impurities Outward.

Impurities lodge so deeply in the tissues that they cannot be reached by any ordinary method. Mercury and other dangerous mineral drugs may check a disease, but they do not drive the impurities out. S. S. S. is the greatest blood purifier known. Its action is pronounced.

In a very brief time S. S. S. has the reconstructive process under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a sensation of freedom of renewed health.

The extraordinary manner in which S. S. S. drives impurities out of the blood is due to the catalytic force in the blood cells, of which it is stimulating the tissue to the healthy secretion of its own essential nutrients. The medicinal elements of S. S. S. are just as effective as the catalytic force.

S. S. S. is a well balanced health stimulant. It contains elements of the most refined and purest of our food. Not only this, but it from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles. S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skilful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 224 Swift Bldg., Atlanta, Ga. Do not allow some zealous clerk to mislead you in a drug store. S. S. S. is the only "Blood Purifier" as S. S. S. Bowditch.

DOCTORS USING AMOLOX WITH GREAT SUCCESS

Endorsed by Leading Druggists

Amolox, the new remedy for eczema and all diseases of the skin, is curing thousands of eczema sufferers that have been unable to find relief after trying everything else. A well-known physician, who had a patient with a bad case of eczema of the scalp,—head almost entirely covered with scaly scales—suddenly becoming bald, reported after one week's treatment with the Amolox prescription, that the hair stopped falling out, scalp was rapidly healing and a new growth of healthy hair just starting. Quoting the exact words of the doctor, "That Amolox is great stuff."

Amolox is a clean, harmless liquid that is applied to the skin and stops all itching and burning instantly. Will cure eczema and all skin troubles and will clear up a muddy complexion, or pimples on face in 24 hours.

All sufferers from eczema, salt rheum, tetter, warts, barber's itch and pimples on the face, should go to their druggists at once and get a bottle of Amolox. If you are not satisfied, it will not cost you a cent. Wurster Bros. will refund your money if not satisfactory.

INJURIES ARE FATAL

Injuries sustained in a runaway last Sunday proved fatal to Henry Wolfe, one of Lawrence county's best known citizens, who passed away Tuesday at his home in Elizabethtown. Mr. and Mrs. Wolfe's horse plunged down an embankment when it started at a motorcycle, and Mr. Wolfe was seriously injured and Mrs. Wolfe was slightly hurt. Mr. Wolfe is survived by a wife and several grown children.

Is Improving Her Home

Mrs. Martyn Taylor of Sciotoville, is making extensive improvements on her property situated on Third street. She is raising the old house, building a new porch and beautifying it with a new coat of paint. Mrs. Taylor is also building a modern cottage on Bloom street, Sciotoville. Mrs. Taylor is 83 years old and unusually bright and active for one of her years. She is the widow of the late Dr. Martyn Taylor. May she live long to enjoy the improvements on "Shady Nook" is the wish of her many friends.

Getting Ready To Wipe Out Typhoid

Drs. W. H. Neill and L. R. Thompson, who are engaged in making tests of the Ohio river to determine the source of contamination, arrived here Tuesday from Cincinnati. Dr. Neill will remain here for several weeks, but Dr. Thompson will leave Wednesday on his way to Pittsburg.

Dr. Corbett is in charge of the governmental laboratory being conducted in the First National bank building here. Under him is a vigorous campaign against typhoid fever and physicians have been stationed all along the Ohio river to ascertain just where the sources of contamination are and what are the most practical methods to employ to wipe them out.

Street Car Derailed

For the third time in two weeks a street car jumped the track at the curve, Ninth and Chillicothe streets, Tuesday evening at 6:30. Car 102 in charge of Motorman Elmer Hise and Conductor G. H. Kliek was the car off this time. Hill top car No. 232 east bound attempted to pull the car back on the track but after several futile attempts continued on its run. Car 210 west bound directly behind the derailed car attempted to push the car onto the track but made the situation only worse, pushing the car till it was in front of the Saunders-Watrous Plumbing Co. Car 202 east bound in charge of Motorman O. E. Harfield and Conductor O. E. Warnock pulled the derailed car onto the tracks after 15 minutes work. When the car was rerailled it was fully fifty feet from where it left the track. A crowd of nearly 200 gathered in the short time the car was off. It was exactly 7 o'clock when the car started off on its own power.

OUTLOOK IS GOOD FOR CHAUTAUQUA

From the Redpath Chautauqua offices in Columbus, Ohio, Mr. Fred O. Coe arrived today with a new line of advertising for the seven-day program which is begun here July 2nd. Mr. Coe is known as the "29-day man" and will remain here until the arrival of the Chautauqua superintendent and the tent crew, two days before the opening.

Pennant streamers, additional souvenir programs, automobile pennants, Chautauqua hats and window pennants are among the unique forms of Chautauqua advertising to be introduced by the advance man.

Mr. Coe called at this office upon his arrival in the city and seemed well pleased with the outlook for a successful Chautauqua. He expects to look over the tent location and see that the grounds are in good condition. He will place window pennants in hundreds of local homes and give the city a real Chautauqua atmosphere with a large supply of pennants and banners.

The Chautauqua hats which are to be distributed during the coming week are nifty affairs in either green or red—take your pick. The supply of these is limited and doubtless they will be in great demand.

An advertising campaign is to be conducted not only here but also in surrounding communities, through newspapers, billboards and other mediums of publicity. Many of the Chautauqua automobile pennants have appeared already and they set forth the big event in a very attractive manner.

The date of the local Chautauqua is July 2 to 8 and the tent will be pitched at the Oamaru lot between Eighth and Gallia.

Work Will Soon Start

The Street Railway Company have not awarded the contract for the extension of their lines from Sciotoville to Hanging Rock, but will do so in a few days. "We are still canvassing the original bids, but hope to arrive at a definite conclusion in a short time," said Raymond York Tuesday.

The C. & O. has a force of men at work repairing the tin roof of the company's depot at South Portsmouth and also repairing the walks and improving the premises generally.

Takes Charge Of Little One

THE KIND HEARTED OLD GENT AND THE POOR LITTLE BOY

[illegible]

Over in New York they not only employ unique methods to put a wink out of the way who insists on talking what he knows about the gambling side of the Metropolis, but they summon reprehensible methods to create dissension in ball clubs which they believe has the same effect as giving a man a cold. Gladys's real fun for their money.

A few club-disrupting fans over there in moments of sheer idleness conceived the brilliant idea that the surest and safest way to put the Reds absolutely out of the running for the Little League championship was to create dissension among the Reds.

Busy and broken, snarling, little, grade

of dissension all through Herzog's baseball plant. First, it was rumored that Clarke and Herzog had an open racket and that they came near to blows in a clubhouse argument. Fine line of dope, this.

Then in flaming headlines several New York papers boldly stated that Groh and Ames had already signed Federal league contracts and would desert the ranks of organized baseball.

The last straw came when the sport writers stated that Herzog was "upon himself" because of his success and would not recognize a single player of the field.

Of course, these alleged rumors were made of the whole cloth. They were manufactured for the sole purpose of causing trouble in the Red family. There was not an iota of truth included to any of the preposterous accusations which were leveled in the minds of the sport writers in New York, who really believed that the Reds had a team sufficiently fortified to see right on McGraw's door mat and give his landing a real battle.

They'll add your stout one way and another, and you'll find out that's why they love to destroy a whole pack of gungah every once in a while.

the Westminster hotel. There was little word at all talk. There was a house of mourning for Cobles and his folks, and the players enjoyed a somewhat quiet Christmas at home.

At home, Cobles described the physical suffering as it came and went, broken through their lives, as he and his team-mates played in England and Italy. The broken ribs and bones he explained.

After a week, Cobles was released from a hospital and returned to his home and a somewhat different life. It was a great improvement, and he told them the same story over the next days.

Disappointed Wives Ask For Separation

Attorney George W. Sheppard, of this city, increased the large number of divorce suits filed in the court of common pleas during June by entering two suits of that character Wednesday morning.

The plaintiff in the first case is Mary L. Cummins, of 1664 Seventeenth street, who seeks to be divorced from her husband, William E. Cummins, on the grounds of extreme cruelty and desertion. She claims that her husband abandoned her and their two children, aged 11 and 9 years, respectively, on May 25th last, and since then has contributed nothing to their support. In addition to the divorce decree, she asks for the custody of the children. The couple were married January 28, 1899, in this city.

Ratia Hunter, of this city, is the plaintiff in the second suit filed by Mr. Sheppard. As ground for her action, she alleges that her husband, Jefferson Hunter, is imprisoned in the Missouri state penitentiary at Jefferson City, Mo. The Hunters were married June 20th, 1900, at Mt. Sterling, Ky., and have no children.

DEMOCRATS OF SCIOTO COUNTY AND THE SIXTH CONGRESSIONAL DISTRICT

Because of his ability to build roads Senator J. I. Hudson of Portsmouth, was made chairman of the committee on Roads and Highways in the Ohio senate. Then he became the author of bills which resulted in the present organization of the Highway Department, created the definite road and highway system of today, and provided for the money with which to construct and maintain that system. The result is that approximately \$7,000,000.00 will be spent on the roads of Ohio this year, principally upon permanent roads which will be for all time maintained by the state. Hudson is a candidate for the congressional nomination from this district, subject to the votes of the Democratic party at the August primary. Every man in this district who believes in lifting Ohio out of the mud should vote for him for this congressional nomination. adv Daily 2t S-W

The Movies

Special Pictures At The Columbia

Three good pictures make an ideal hot weather program at the Columbia this evening. "Brown's Bachelor Supper" and "The Prize Employer" are two Bingham comedies that will certainly drive away the blues and make you forget the extreme hot weather. "The Mystery of the Amsterdam Diamond" being the seventh installment of the famous "Clock" stories, completes one of the best balanced programs at the Columbia for some time.

For tomorrow, Thursday, Manager Tynes announces Lubin's five reel masterpiece, "Through Fire To Fortune" or "The Sunk-on Village." This picture consists of an unusually realistic portrayal of a fire in a coal mine. A miner's torch having come in contact with a newly discovered oil well causes an explosion which wrecks an entire village, when the walls of the mine over which it is built begin to crumble. Here you see whole houses sink into the earth. You see the panic stricken villagers and lastly the awful fire that follows the explosion and cave-in and completes the destruction. All in all, this picture marks a distinct step in the production of marvelous big feature pictures and should not be missed. Come early as the price is only 10 cents and with that big orchestra we will use with this great picture everybody will want to come to the Columbia tomorrow.

However, it could not all happen unless a woman played a part. She has to kill one of the band, its leader, before the climax is reached. See this great production tonight.

Tomorrow Manager Law will present to his patrons, "The Perils of Pauline," a reigning sensation in the motion picture world. The acting is simply superb, but told in such an interesting way that there is not a moment that interest is the bit lax. Remember, "The Million Dollar Mystery," the greatest production ever shown on canvas, will be presented at the Exhibit on Tuesday evening, June 30. Watch for further announcements and big display advertisements in the Daily Times.

THEATRICAL

Millbrook Casino

Another banner house greeted the stock company last night, and again went away very much satisfied with the performance of "A Romance of Kentucky." The audience composed mostly of Portsmouth's fair sex turned out in great numbers and the costumes worn by them would have gladdened the heart of many a student if they could have seen them. Stunning is not the word, such a galaxy of beauty costumes has not been seen at the Casino this summer. Society night, it seemed to be, and would remind anyone of an opening performance of a New York production.

Dancing seems to have gotten a fine hold of the audience for there were quite a number of couples participating doing the One Step, Tango, and Hesitation Waltz. Mr. Elmer Wall, who was engaged by the management for his dancing ability will give lessons to anyone desiring them after each and every performance free of charge. Rehearsals are in progress for a big double bill next week which no doubt will appeal to all patriotic people, especially the latter part of the week when the play produced, written by a member of the company, Mr. Jack Hogan, will deal with the present day momentous question, "Will There Be War With Mexico?"

REV. HART TO LEAVE; REV. W. T. GILLILAND IS COMING TO MANLY

Climatic conditions in this section of the Ohio Valley are responsible for the loss of one of Portsmouth's most esteemed and active pastors, as Rev. L. I. Hart, pastor of Manly church, has secured his transfer to the First Methodist church at Gallia, O., the change being necessitated because of throat trouble, contracted from an attack of diphtheria and augmented by the damp atmosphere of the Ohio valley. His successor will be Rev. W. T. Gilliland, of Ashland, Ky., a brother of W. D. Gilliland, former principal of the Portsmouth High school, and now with the Solby Shoe company.

It was on the advice of noted specialists that Rev. Hart decided to leave Portsmouth, much to his personal regret and that of his congregation and the many acquaintances he has made since a resident of this city. Dangerous impairment, if not total loss of voice was threatened Rev. Hart if he remained in Portsmouth.

His new charge at Gallia, Ohio, carries with it a substantial increase in salary and gives him the pastorate of a prosperous church. The transfer formally becomes effective August 1 and Rev. Hart will deliver his farewell sermon Sunday, July 12, after which he will take his annual vacation.

Rev. Hart has been pastor of Manly church for the past twenty-one months. During that time the growth of the church has been phenomenal. The congregation has been increased approximately 250 members. Benevolences the first year were increased 85 per cent over the year preceding, and the last year 30 per cent over the preceding year. During his pastorate he made 3,392 pastoral calls. Not only has the congregation of the church been materially enlarged, but the financial condition of the band of worshippers has been greatly strengthened and the church is in excellent condition in this particular.

The church has been pretentiously remodeled. Over \$3,000 has been paid on the mortgage. With this excellent record in his behalf, and his personal characteristics endearing him to the hearts of his congregation, it is no wonder that deep regret is expressed over his departure.

Rev. W. T. Gilliland, his successor, was born in Peru, South America, but received his education in Ohio. He is a graduate of Ohio Wesleyan University and has occupied several important pulpits. He is thirty-four years of age and considered one of the most able and active pastors of the Methodist church in this section. With his wife and three children, Rev. Gilliland is expected here the latter part of July to assume charge of Manly church.

TERMINALS

The Terminal Bible class held their regular weekly meeting Wednesday afternoon at two o'clock at the home of Mrs. W. T. Carter on Poplar street. The lesson was taken from the 8th chapter of Romans.

Fred Turner, formerly of Gallia pike, but who is now located on a farm near Watts station, was in the city on business Wednesday morning. Fred reports that the berry crop out his way is very slim on account of the long dry periods. Fred worked as clerk for Jackson and Vener, grocers, while residing at the terminals.

N. & W. Section Foreman D. E. Hatters who was badly injured last Wednesday when he was thrown from a motor car, regained consciousness Tuesday afternoon and was able to talk to his wife Tuesday evening. He is still in the Chillicothe hospital.

Sam Coffers, laborer, who was injured at the same time as Hatters is getting along nicely. Hatters was unconscious from last Wednesday evening till Tuesday afternoon, a period of six days. The men were on their way to a fire and were thrown from the car near Jorney, Ohio.

Cal Dever, of Sciotoville, employed in the N. & W. boiler shops had his left hand badly cut Tuesday afternoon when an ash pan came down on the member. Dever was jacking up an ash pan under an engine when the jack slipped, letting the pan come down on his hand. He went to the office of Dr. J. E. Rogers, where the hand was dressed. He will not be able to work for several weeks on account of the accident.

A special N. & W. train carrying 129 enlisted men, one officer and five non-commissioned officers of the United States army, will pass through the city Sunday morning behind No. 3, early morning train. The special will run as second No. 3. The soldiers will be turned over to the N. & W. at Norfolk, Va., from the Old Dominion Steamship line. At Cincinnati they will be transferred to the Big Four line which will take them to San Francisco, their destination.

Even 100 Today

The heat wave continues unbroken. The mercury touched the 100 mark Wednesday. It was two degrees cooler today than on Tuesday, but no one knew it but the thermometer.

WITH THE SICK

Frank Gilliland and Frank Irvin, two employees of A. J. Martin and company, contractors, were prostrated by heat while at work on the new Scioto river bridge job late Tuesday afternoon.

Gilliland, who is an engineer, suffered both a sunstroke and heat exhaustion. He was firing a hoist engine. The heat from the sunny bottoms and that from the engine caused Gilliland who was without shelter to collapse. He was unconscious when workmen rushed to his assistance. He was taken to a shady spot near the Vulcan Last factory where Dr. Carl Braunlin, who arrived in response to a hurry call, attended him. Lynn's ambulance later removing him to his home No. 1130 Tenth street. His condition remained serious for several hours, his heart acting very irregularly.

Irvin is a laborer on the bridge job and was overcome while working in the hot sun. He was reported better Wednesday though not yet able to resume work.

Little Miss Arline Vogt, daughter of Mr. and Mrs. John Vogt, of Sycamore street, is rapidly recovering from an attack of measles.

Sergeant James Marshall was prostrated by the heat shortly after he reported for duty at police headquarters early Tuesday evening. Dr. Carl Braunlin attended him and afterwards removed him to his home on Eleventh street.

Mrs. W. E. Hancock has been very seriously ill at her home at Sixth and Washington streets, was reported a little better Wednesday. She has been ill for sometime and the present heat wave has not helped her condition.

George Smith, who is employed in the plant of the Peabbles Brick company fell a victim to the terrific heat of Tuesday and had to be taken to his home on Mound street. A physician revived him.

Miss Ella Eshom, daughter of Barber William Eshom, of Second street, continues very ill. She has been in poor health for over a year.

Steve Kendall, employed in the open hearth department of the Portsmouth steel plant, was overcome by heat while at work Tuesday afternoon and had to be taken to his home on Ohio avenue, New Boston. He was much better Wednesday.

W. B. Taulinon continues to recover slowly from his recent surgical operation. He is a patient in the Jewish hospital in Cincinnati.

Perry Willis, who was recently badly hurt in the East End plant of the Harrison-Walker Company, is much better and will soon be able to leave his home. He resides at 2101 Gallia street.

Killed Four Cows.

The B. & O. S. W. mail train in charge of Engineer Cahill ran down and converted into mince meat four of six cows that broke through a fence and ran onto the track just north of Oak Hill Tuesday evening. Mrs. John E. Doert and young sons of this city were among the passengers who witnessed the wholesale slaughter.

Settled—All Now Lovely

To satisfy a judgment for \$8.25 against the owner, Joseph Dyduch, in Spaulding's court, Constable Lou Seiling Wednesday morning attached the steamer Audrey M., at the Ohio river wharf. The owner later called at the office of Spaulding, paid the judgment and the steamer and the attachment was released. A. W. Thompson, of Kenton, had brought suit for the above amount for the use of his boat which he had furnished Dyduch, who lives above Vanecko, Ky., on the Ohio side of the river.

Blames Arnold

Newt McCann, the N. & W. car shop painter, who was run over by August Arnold's horse, and wagon Monday evening, was able to be down street Wednesday morning. His head is covered with cuts caused by the horse tramping on him. McCann claims that Arnold was driving on the wrong side of the street though it was two passing automobiles that caused him to run into the Arnold outfit.

TWO FOOT RACES AND A SWIM PREFACED CAPTURE

From an apparently clear and cloudless sky Monday morning was released a streak of human lightning at New Boston. Bert "White Hope" Riggs bounced from a pool room stirring up the elements with a storm of profanity.

Mayor J. S. Davis was the first victim of the human bolt. He attempted to place Riggs under arrest. Riggs with a mocking laugh darted away streaking up Cement Hollow and true to its name the hollow sealed his whereabouts.

Liberty was retained by Riggs until Tuesday noon. Park Police Grant Dixon then noticed Riggs reposing comfortably in the seat of a passing street car. On the car went the officer. Off the car shot Riggs, two seats in the car being cleared by him in his leap for liberty.

With mother earth under his feet Riggs sustained his suddenly acquired reputation as a sprinter. Darting like a scared fox with the hounds in hot pursuit, Riggs dashed through Millbrook park. The officer "almost" caught him at the pavilion. The next place he saw him was in the middle of Millbrook lake, Riggs having jumped into the water near the "Y" bridge. But here he met his Waterloo. His watersoaked clothing prevented him reaching shore and he weakly returned to the open arms of the officer.

Arraigned before Mayor Davis he pleaded guilty to a charge of disorderly conduct, was fined \$4.50, paid up and was released and then challenged the officials to a foot race. They declined.

Woman Falls Over Cliff And Is Killed

Iron-ton, O., June 24—Mrs. William Hayes, of near Scott Town, a well known and highly esteemed woman, met a tragic death, yesterday afternoon some time between 1 and 6 o'clock. At the first named hour Mrs. Hayes left her home to pick berries. She did not return by supper time and a search was made for her. Her body was found cold in death at the foot of a rock cliff over which she had fallen to her death. Her body was conveyed to her home where it was prepared for burial.

Mrs. Hayes had been subject to fainting spells or epilepsy and it is thought that she was seized with a spell while picking berries at the top of the cliff and pitching head long down the declivity was so severely injured that it is thought her death was instantaneous. The news of her tragic death spread over the country side and many expressions of sincere regret were heard.

The cliff over which Mrs. Hayes fell is about twenty feet in height.

Panic On Boat

New York, June 24—1,000 men and women were thrown into a panic today when the steamer Taurus, of the Iron Steamboat line, crashed into the ferryboat Redbank in the North river today, and cut away 25 feet of her side above the water line.

A heavy fog was responsible for the accident. The ferryboat was crowded with early commuters on their way from New Jersey, but they were calmed by the crew of the ferryboat and she succeeded in making her dock without anyone being seriously hurt. The Taurus was damaged, but proceeded to Coney Island.
